

**Racold**

Reborn Everyday With Hot Water

SAFE AND RELIABLE  
**RACOLD WATER HEATERS**  
FOR EVERY HOME

# REVOLUTIONARY FEATURES OF RACOLD

## EASY WATER HEATING

- Making water heating easier at every step with our smart features.

## Wi-Fi CONNECT

Get ease of control anywhere and anytime with Wi-Fi connect.

## SMART BATH LOGIC

Customise your bathing experience with Smart Bath Logic.

## LIGHTNING FAST HEATING

High powered heating element that provides hot water instantaneously.

## QUICK FUNCTION

Set maximum heating temperature with a press of a button. Override temperature settings to get hot water quickly with one-press process.

# REVOLUTIONARY FEATURES OF RACOLD

## RELIABLE BUILD

- Your long-term partners in water heating.

## SMART SIZES

- Efficient water heating in utilitarian and compact sizes.

## TITANIUM PLUS

A strong and durable heating tank, made and coated with Titanium alloys, to withstand corrosion and pressure for a long time.

## TITANIUM ENAMELED HEATING ELEMENT

For efficiency, strength, low energy consumption and longer life.

## SLIM DESIGN

Compact and space-saving designs for modern urban spaces.

## ENERGY SAVING

- Sustainable water heating, every time.

## ECO FUNCTION

One of our unique set of features, specifically designed to minimize the energy consumption.

# REVOLUTIONARY FEATURES OF RACOLD

## **SAFETY ASSURED**

Experience the power of hot water with a complete peace of mind.

## **AUTO DIAGNOSIS**

An advanced microprocessor that safeguards the water heater to ensure complete safety of your family.

## **OXYGEN DEPLETING SENSOR**

Safety sensor that immediately turns-off water heating in case of oxygen depletion to prevent any potential hazard.

## **DOUBLE SOLENOID VALVE**

Advanced feature that delivers twice the safety with two solenoid valves.

## **SAFETY PLUS**

A thermostat, multi-function safety valves and cutout for multiple level of safety against high temperature and pressure.

## **SILVER-ION TECHNOLOGY**

It actively stops proliferation of bacteria to provide healthy and clean bathing water.
